

I am the owner of Universal Auto Body, located at 914 East Main Street #10 Stamford, CT. We have been negatively impacted by the Urban Transit Construction project on East Main Street, my customers have had difficulties coming to my shop for vehicle repairs or they just choose not to come because of the headache of having to go through the construction zone. We've had to open up Sherman Street to try and give our customers an alternative route. We here at Universal Auto Body are not looking forward to another year of Phase 2 of the construction coming up but we understand it has to be done. Thank you for your consideration in my testimonial. If any questions please feel free to contact us at the information provided below.

Eusebio Perez and Miguel Hernandez, Owners
